## The Broadmead Residents' Association (BRA) is your voice

*Broadmead* residents are a diverse, dynamic collection of strong intelligent voices. Together, they govern the *Broadmead Residents' Association* (BRA), and lead a growing group of activities and interest groups.

In the Quaker spirit of inclusion, each resident is a member of the BRA. The mission is to promote stimulating social opportunities to fellow residents—something they take very seriously—while creating a spirit of friendship and a productive community.

The BRA plans and organizes ongoing concert series and Adventures in Learning, as well as other activities, trips, entertainment and special events. Thanks to its capable direction, there is something at *Broadmead* to captivate everyone.

Take a look on the other side to see a sampling of activities, classes, events and more that were started and are guided by the *Broadmead Residents' Association*.
